SCHOOL WARRANT

To the inhabitants of the School District in the town of Swanzey qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the tenth day of March 1953, at 8 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.

7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

8. To see if the Swanzey School District will vote to require the School Board to itemize the District's expenditures in the Town Report similar to the Selectmen's report of

town expenditures, and as was done in the District's reports up to and including the 1944 reports, or take and action thereon.

(Inserted by Petition)

9. To see if the district will vote to authorize the School Board to sell the Westport School or take any other action thereon.

Given under out hands at said Swanzey, this 16th day of February, 1953.

REPORT OF THE SWANZEY SCHOOL LUNCH PROGRAM

The year 1952 has been one of expansion and change for our lunch program.

Three distinct programs were in operation until June of this year at East Swanzey, Wilcox and Cutler Schools. In anticipation of the change that would take place with the opening of the new school and to increase efficiency of operation, these three programs were consolidated during the summer. This consolidation enables us to plan and buy more effectively and allows us to set up a more adequate bookkeeping system.

Mrs. Cecil Plummer, our able cook at Cutler, has been assisted since September by Mrs. Ruth Pratt. Mrs. Mildred Willard and Mrs. Jennie Talbot have done the cooking in the East Swanzey School and Wilcox School and are the cooks who will serve us at the new school.

It has been possible to maintain our price of twenty-five cents per meal throughout the year. We are at present being

reimbursed by the United States Department of Agriculture at the rate of six cents per meal.

During the year our cooks have participated in the planning of the kitchen and the purchase of equipment for the new school.

We are looking forward to the coming year with the hope that we may better serve your children and by so doing better serve our community.

We wish to express our sincere thanks to you, our sponsors for your generous help and support, which makes possible this most worthwhile project. You are invited to visit our lunchrooms at your convenience to see our program in action.

The following is the financial report of the three schools for the period from July 1, 1951 to August 24, 1952 when the program were consolidated.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Swanzey:

I have the honor to submit my sixth annual report.

Teachers. Upon the resignation of Mrs. Alice E. Read, Mr. Donald P. Carle was elected as principal of the East Swanzey School. Mr. Carle is now the teacher of the seventh grade in the new school.

There were no other changes in the personnel of the Swanzey School Department.

Buildings and Grounds: The citizens of Swanzey can be justly proud of their new elementary school. It has facilities which are second to none. The lighting of the classrooms, both natural and artificial, is magnificent. A state inspector has already informed us that the lighting is wonderful. How much this means in the sight-saving of Swanzey pupils can be appreciated.

The heating system in the new school is one of its best features. Each room has an individual unit thermostatically controlled. These units also ventilate the rooms, supplyiing them with fresh air drawn in from the outside and exhausting stale air. Each unit is equipped with a germicidal lamp which kills 94% of air-borne bacteria which pass over it. As a health measure, this is a most important innovation.

The kitchen is functionally designed and extremely well equipped. It has already occasioned favorable comment by many visitors. The dining area is a flexible unit and adaptable for assembly purposes, PTA meetings, etc.

The administrative wing has a principal's office, nurse's room, teachers' room, supply and book storage room and a janitor's room. The building is equipped with a program clock which rings both inside and outside bells automatically.

Space does not permit for a detailed description of this new educational plant. Suffice it to say that Swanzey now has one of the finest elementary schools in the state.

This school would not have been possible but for the vigorous support of the Swanzey Parent Teacher Association and the earnest work of the Swanzey School Building Committee. Since its inception, the Building Committee has met a total of 26 times. The Swanzey School Board has been unstinted in the contribution of time and effort in connection with the building program. The School Board met a total of 15 times during the calendar year 1952. These meetings were in addition to those of the building committee of which the school board is a part.

At the Cutler School, the basement room was repainted, asphalt tile laid on the floor and the heating improved. Mr. Cecil Plummer, custodian of the school, is to be commended for his excellent work in painting the room and laying the tile floor. Mr. Plummer also built a janitor's supply closet on the first floor thus providing for greater efficiency in his work.

1957-58	44	39	58	64	72	69	55	57	458

As was stated in last year's report, it is dangerous to use the figures in the above tables as factual. They assume that the pupils will all be promoted from year to year and that all will remain in school from grade one through grade eight. They assume also that all the pupils will continue to live in

Swanzey, none will drop out of school and no newcomers will be added.

The above tables merely serve to indicate the enrollment trends for the two schools. A glance will suffice to show that the growth is more substantial at the new school than at the Cutler School. This substantiates the fact that the thinking of the Swanzey School Building Committee was sound.

State Aid to Education: During the past two years, Swanzey has been helped materially through state aid. It is to be hoped that the present legislature will provide the funds asked for by the State Board of Education. The present state aid in New Hampshire amounts to $600,000 a year. The amount requested is $1,200,000. If the latter figure is realized, Swanzey should receive a much larger amount than at present. This will be of significant aid to the beleaguered property tax payer.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the Swanzey P.T.A., the School Board, the School Building Committee and to the patrons of our schools for their cooperation.

Respectfully submitted,
CHESTER C. LEES,
Superintendent of Schools.
